haha - yes it does (thanks to my slow typing). However, once this is all sorted FPR and Silky maybe glad that the thread is so disjointed and difficult to read. Its like when families go to a restaurant, and there's a kids table and an adults table.

I'm not taking any sides here - but I think Silky and FPR should resolve this via PM. FPR is an extremely valuable forum member here and it is my hope that he continues to be.

I dont think anyone ever said about artists needed to prove anything? 😊 many of the people up for awards I had never heard of 🙄 and I dont have any problem with that 😊 it just shows I dont know much 😊

Maybe I'm wrong but I don't think so. Anyhow I'm just as tired of this as the next man. Silky, you know that you can always come and speak to me in person and i will always be happy to have a rational conversation with you. I cant see this going anywhere so I'm going to drop it. I shall set something else up my self on principle. I think you know you were selfish and hoped to use the awards to promote your own artists but I shall stop with the criticism and go and set up another little thing up else next year. Everyone invited, including you silky. Enough lets talk art.

Don't go away Fins 🙄 I think we should get these things sorted here! Now! 😊 coz its me being accused of stuff, and Im happy to answer any questions 😊

I was told by you that you would like to speak to me on the day of the awards 😊 You said you were gonna be at Leonard Street from about 2 onwards. we got to the place at 2.20, and you had not yet arrived 😊 we went off to visit some other galleries, and I think we got back to Leonard street at about 4.30-5 but still no sign of you 😊 We then went of to dinner 😊 We found you later on that evening but you said you were very busy, so dint want to get in you way 😊 We had to leave before 11 coz the car would have been locked in the carpark 🙄 I just wanted to go over all that coz I get the impression that you felt I dint want to talk to you that day 😊

Ok silky we are going to have to agree to disagree. I feel massively f**ked over and annoyed but I'm prepared to virtually shake your hand for the sake of world peace and not boring anyone else to death.

I had suggested to Fins I think even before this years that it would be good to have the awards on its own Forum/site so EVERYONE could be involved, and also it was not seen as being so closely connected to just one Artists forum.

Pleeeeeeease, no more forums. The Cartrainbusplane one was surely as far as that can be pushed?

if the awards are to celebrate the work of the artists then it would be good to conduct it independtly from all forums so its credibility cannot be questioned like it has been tonight.

Mate it was my baby. My error was saying yes to allowing silky register the urban art awards. I was very busy and took my eye off the game. Its time to move on. Personally I don't like the word 'urban' that much, the pisser is i love this damn community and I might get banned for speaking out. I'm going to go chill now. Need to think happy thoughts.

Fins, if you don't like the name it might have been a good idea to have told me before this years 😊 If you want to do the awards away from the forum under the original name that you came up with, And I have no involvement in it whatsoever, thats fine 😊 I think thats the easiest solution at the end of the day.

Would you then be happy with transferring the ownership of the registered name 'Urban Art Awards' to FPR, provided he reimbursed you for the registration fee?

What the hell is going on?

Both you guys seem like really great guys and in the short time I have been involved in this forum I have come to respect both of your opinions.

Why is it important whose name the awards are registered in? Surely its a bit like the Charity irrespective of who came up with the idea if it works then it should continue and it should belong to the forum. I think we all know that the majority of people who come on to this forum to discuss art are not just Banksy fans.

I think if FPR came up with the idea and put all the effort in then he should remain as Awards Organizer for as long as he feels like it, but at the end of the day would any of it have been possible without having the forum as a platform.

Clearly I am missing something. Please tell me this is not about it being a potential revenue stream for someone. All money generated should be donated to charity.

Ok I shall work hard to make a truly independent award ceremony free from influence that involves not just forums but normal people. I will aim to involve the best of the street art world to come together to make a new award ceremony event, I will aim to make it a different experience to the banksy.info awards party bash so both events are equally enjoyable in there own way and try to make it a very special event for everyone. Silky if you wish to support my awards like i did yours that would be fantastic.

The END.
