It's not the name silk and you know it, it's the awards, the concept, the idea. Give the whole thing over to FRP, step out of it.. and as a forum member, support the initiative through the boards. He's a long standing valued member of the community that came up with a great idea. You helped, as did many others I'm sure. But at the end of the day, if frp doesn't feel comfortable with your personal involvement, you should be big enough to step back and let him run things, but offer the support of the forum. That's all he's asking. No split, no new name, no nothing. Bigger, better 2008, but with FRP running things.

People cant have the sole rights over the idea of an art awards 😞 and I have clearly said that if he does not want me involved in what he has planned thats fine 😊

no but he did come up with the first one and it went by the name of a website YOU own.

therefore i would urge you to do the right thing and stop getting bogged down in intricacies and make the gesture to end this. once and for all.

Jeff - Bob Dylan and Bop till you drop does rock. I've got a mate who want to splash some cash (hence our gallery trawl yesterday) and if he goes for it, I'll pm you you sometime about doing a canvas for him.

Anyway, getting back to the subject at hand - Without wishing to appear picky, IMHO knob rot is more inconvenient than annoying. However, I do appreciate the sentiment behind the comment.

Another nugget of knowledge gained from the Awards is that Cracka drinks a bottle of Red Wine for breakfast, and supplements it with twiglets. Keeps him regular I think he said 🤪

What is the problem with transferring the name over to FPR if you are happy about him running with the idea?  
 You have previously said that you are not a control freak, so why insist on retaining the ownership of the domain name?  
 Why does it feel like your asking questions for Fins 😊  
 Anyway, My PM box has bin filled over the last few minutes, with people telling me that if Fins does not like the name then I should keep hold of it 😊 and I agree

why on a public forum do people feel the need to send pm? surely it goes against the ethos of the place?

seems to me like it is a sad indictment of the situation on here at the moment!! 😊

A lot of posts are just muddying the water and hyperventilating the situation.

There has been a lot of people moaning about **OPEN WARFARE** and **CONFLICT** in this forum....

A lot of those people are now clustering in the **MOB FURY** prolonging this witch-hunt.

**Silky** - Could you clarify the above?

You previously said to CBL that you were happy for FPR to run with the awards ceremony.

Are you now saying that you intend to hold a competing awards ceremony, called the Urban Art Awards?

In other words, do you really intend to steal FPR's idea and hold your own separate awards next year?!
